Re: JW/KM/France

**Re: Miles France – Senior Social Worker and AMHP**

I write in support of Miles France's application for approval to the appointment of Approved Clinician on behalf of Norfolk & Suffolk Foundation Trust in my role as Deputy Medical Director. I have read Miles' application and concur with his referees, two of whom are both Senior Consultants within NSFT.

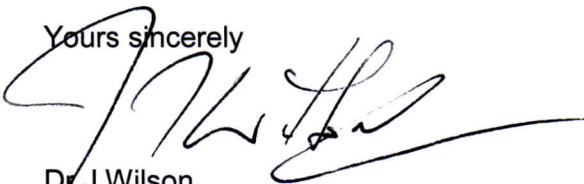

Norfolk & Suffolk Foundation Trust is committed to developing the role of Approved Clinicians, a process of which Mr France has been a part of since the outset. He is a highly experienced approved Social Worker and AMHP with a wealth of experience in implementing the Mental Health Act.

Norfolk & Suffolk Foundation Trust has procedures in place to ensure that any Non Medical Approved Clinicians will be supported through a process at the most Senior level within the Trust. He will have access to Senior Clinical Managers and there are robust internal processes, in place and under development and being piloted, to ensure that Non Medical Approved Clinicians receive adequate support and mentorship once acting in this role.

It is my personal belief, having known Miles for a number of years, that he would make an excellent and thoughtful Non Medical Approved Clinician.

Please contact me should you require any further information.

Yours sincerely

Dr J Wilson
